

R_ISO-Check Rev.2

Adjustable 2-channel resistor card for isolation testing in the high voltage area.

Technical Data

Communication	CAN bus 500 kBd / 1 MBd	Electrical isolation	1kV
Value range	40k ... 65 MOhm	Bar graph display on front panel	
Resolution	1 kOhm	Self-protection of each channel	
Accuracy	+/- 1 %, 100 ppm/°C @ 40 kΩ to 16 MΩ	Voltage measurement up to 1000V, Accuracy +/- 5%	
Channels per board	2	Voltage measurement non-influencing to electrical isolation
